

Lyric Painting

What does a song
make you visualize?

Songs tell stories, right?

Well, you know what that story sounds like.

So what does it *look* like?

Song: Salty Air

How to start this...

- Choose one of your most favorite songs. One that you could listen to over and over again.
- Good, now listen to it 5 times on repeat! The first time through, close your eyes.
- While you're listening, make a list of 10 images you see.
- Use your imagination – what do you smell? What do you taste? What color is the song? Are you cold or hot? Where are you?
- Don't be too literal! (ex. Rihanna's 'Umbrella')
